A new dining experience of beauty and health
for the skin, body, and mind
BEAUTY YAKUZEN

Shiseido Kitchen Lab leverages Shiseido's
cutting edge scientific study of the connections between
skin, body, and mind to analyze the causes of the beauty issues
that arise each season.

It provides a new dining experience of beauty and health
for the skin, body, and mind.

Shiseido has turned its attention to the cooking style, "Yakuzen",
that is based on the idea
that foods provide similar benefits to medicines.

The Shiseido Kitchen Lab approaches beauty concerns
from the vantage of "Yakuzen".

Come experience the new culinary experience of "BEAUTY YAKUZEN"
and look forward to the new you.

BEAUTY YAKUZEN - 3 points

1

Changes with each season

Addressing seasonal beauty concerns

2

Shiseido's science for skin, body & mind

Analyze beauty concerns with Beauty Artscape, which unravels the connections between skin, body, and mind

3

Integrating the essence of YAKUZEN

Balance your body with natural seasonal foods

YAKUZEN is an ancient Asian diet that balances the body by incorporating natural food ingredients to address the seasonal changes the body faces. "BEAUTY YAKUZEN" is a menu offering that combines the concept of "Yakuzen" with Shiseido's proprietary science of the skin, body, and mind to address the various seasonal beauty concerns. It is a delectable, novel culinary experience that will satisfy your soul and pique your curiosity.

SPRING MENU

Spring is a season when people are concerned about a decline in skin transparency, dullness, and spots. Our BEAUTY YAKUZEN which incorporates Shiseido's science and the essence of Yakuzen will help you to address the causes of beauty concerns in spring with food and treats.

Causes of Spring Skin Concerns

In spring, stronger sunlight increases concerns about UV ray damage. While UV rays contribute to spots and dullness, seasonal changes in temperature and pressure can also affect the autonomic nervous system. This disruption can increase melanin production and decrease collagen, leading to reduced skin elasticity and transparency, resulting in spots and a dull complexion.

Shiseido Researcher Fukada (Dietician)

Spring Yakuzen Tips

In spring, environmental changes can significantly impact our autonomic nervous system through accumulated stress. Our spring Yakuzen features stress-relieving "sokan" ingredients and energy-flow promoting "riqi" components.

Potatoes are rich in vitamin C!
Vitamin C is expected to help prevent sun damage and lighten existing melanin pigmentation. What's more, the vitamin C in potatoes has a unique characteristic - it's protected by starch, making it resistant to being broken down even when heated!

What Shiseido Researchers Are Thinking Now

"Yakuzen" and science—the Eastern wisdom passed down since ancient times and the latest in Western science.

You may think these two do not mix, like oil and water. But actually, there have been more and more reports scientifically proving the effects of ingredients shown in "Yakuzen". Both are important for enriching your life.

We would be delighted if our research could serve as a bridge between the two.
